Question: Would you like Sierra Madre to have its own high school?

**Mrs. Katie Miller**  
189 N. Hermosa

I have three children that will be in high school soon, I would like to see us have a high school of our own. The community is growing so rapidly that I feel we should have one.

**Robert K. Wickel**  
San Gabriel Court

I am new to the area, formerly from New York, if I can say so I certainly think Sierra Madre should have its own high school. All towns should have this privilege.

**Susan Ripple**  
193 W. Sierra Madre Blvd.

I would love a local high school, the convenience, we could have a school team, a band, be a lot more fun.

## Ross Tyree Takes Victory In First Pinewood Derby

Heading a field of 44 entries, 10-year-old Ross Tyree raced to a decisive victory in Sierra Madre's first annual Pinewood Derby last Saturday.

Sponsored by Cub Scout Pack 381, the scale model car race had all the flavor of a full-scale race meet and Race Chairman Sam Rowland conducted the program with clock-like precision.

Tyree's winning car nosed out runners-up Scott Armstrong and Vaughn Dittmar in the final heat of the morning at Sierra Vista Park. There wasn't an exhaust note to be heard, as 10-inch models were gravity-powered and raced down the 30-foot ramp in mere seconds. As sometimes happens in the big races, there were thrills and spills aplenty, with the only injuries being the shattered hopes of the losers.

In addition to a trophy, Tyree also took home a miniature set of official Indianapolis starter's flags and the first three finishers were awarded copies of Floyd Clymer's annual Indianapolis Yearbook.

It was a great morning for Den 7, for not only did winner Tyree represent the lucky number group, but the award for the Best Appearing Car went to another member of the den—Bob Bagnall. Taking home ribbons for second and third places in design were Bill Hartley and Darrell Ower. **Please turn to Page 8**

## Exchange Water Agreement OK'd For 200 Acre Feet

### Proper Respect For Flag In Square Assured By Council For Thirty Days

The City Council of the City of Sierra Madre met in regular session Tuesday evening April 23 with Mayor Sorensen in the chair and all Councilmen and City Officials present excepting Councilman Rule.

#### Presentations

Steven Fisk of the Pasadena Tournament of Roses presented the City with a colored picture of their float entry on New Years Day and complimented the Sierra Madre Float Association on their fine work. Mayor Sorensen, on behalf of the Council presented Councilman Vannier an engraved gavel in appreciation of his service of over 3½ years as Mayor of the city.

Instructions were given the Street Superintendent to proceed with the Weed Abatement program, notice having been sent to property owners. Bids were also authorized for discing and abatement procedure.

Resolution 1968 covering the assessments of Sewer District No. 79, Grand View Lane, was passed and assessed. No complaints were presented, written or oral.

#### Master Plan

Since it is by law, necessary for every city in the state of California to have a Master Plan, the City of Sierra Madre, after an elapse of some nine years since the law, now have a Master Plan. Several months work have gone into this plan by the Planning Commission. It was passed by the Council without change, and is a plan looking to the future. The Master Plan Map is on file with the City Clerk and can be reviewed at any time.

Amendments 9331, 9336 and 9341 to the City Code were passed, and the attorney was instructed to prepare an Ordinance. These amendments will deduct

easements of driveways and unusable property from the total square feet of the lot. It provides for a reduction on front width, and entire area, also provides for the deduction of any land less than ten feet in width.

#### Flag Petition

A petition was presented signed by 85, calling attention to abuse of the flag in Kersting Court. The Council ordered that the Police Department would take care of lowering and raising the flag for the next thirty days, in hopes a permanent plan would be forthcoming. A letter was ordered sent to the Veterans of Foreign Wars calling this matter to their attention and asking for suggestions and a possible solution.

Mayor Sorensen appointed Frank Parks as representative to the Planning Commission and James Abernethy to the Parks and Recreation Commission and as alternate to the Sanitation District 15.

#### Exchange Water

The City Administrator was authorized to contract for exchange water from the city of Arcadia. His request will be for 200 acre feet, to be revised, if necessary in June of this year. Cost of this water is set at \$31.00 per acre foot. This is an exchange agreement between cities in the Raymond Water Basin.

The City Administrator was authorized to ask the County of Los Angeles to take responsibility for the closing of City owned Angeles Forest property. Closing to be June 1 until suitable opening is prescribed.

#### Old Tunnels

Property owners were to be notified of old water tunnels that are on their property and ask them to close same. Should this not be done the City will have to take over the project and the costs reflected back on the property.

Since it was a budgeted item 13 picnic tables were purchased for the Vista Park area. These tables 6 to 8 foot of fiberglass would cost \$895.75 plus tax.

Further it was agreed and passed that it is necessary to spray the oak trees of the community against caterpillars. The fund being defunct, the expenditure was limited not to exceed \$350.

All Planning Commission items were upheld and hearing set for May 28 of **Please turn to Page 8**

## Sierra Engineering Co. Sets Expansion Plans

Special resin-treated paper filter elements for both aerospace and industrial requirements are now available from Sierra Engineering Co. of Sierra Madre, according to H. L. Daulton, president of the well-known California research and manufacturing firm.

The new design and production facilities are under the direction of specialists qualified by long experience in the fields of aircraft and missile filtration equipment in this country and overseas.

Depth-type filter elements qualified to several widely used specifications are included in the current product line. Advantages cited by Daulton for the new Sierra elements include longer life, greater contaminant-holding capacity, lower media migration than demanded by strictest military specifications, plus the economies of disposability and inexpensive replacement. Special paper-treating techniques afford a rigid structure which eliminates "channeling" under the most severe operating conditions.

Future plans embrace expansion into broad fields of filtration equipment, including filter housings.

THESE ARE THE special resin-treated filter elements for both aerospace and industrial use being designed and produced under the direction of specialists at the Sierra Engineering Company in Sierra Madre.

Having recently given you a column of "do you remember when" now we will convert to, and dedicate, this weeks column to the things that ink and sometimes bore you!

Women who wear pale lipstick and violet eye shade that makes them look hideous. Health enthusiasts who keep their homes so cold you nearly freeze when you call on them.

People who think the Kennedy administration can do nothing right. You can't be wrong all the time . . . just most of the time. Narrow rimmed hats that make men look like boys or clowns. Cashiers who count your change so fast you can't keep up with them.

Shop talkers at a cocktail party. Red evening jackets for men. People who stop you as you are dragging home after a rough day at the office and inquire: "Are they keeping you busy these days?" Doctors who greet you as you walk into the examination rooms with the crack, "Well, what's the matter with you?" As if you knew, and just reporting to his office to educate him.

The man who can always remember when we had a heavier storm, or conversely, the year when it didn't rain at all. Men who wear western riding trousers and haven't been out of the car seat in 15 years. Well meaning souls who ask, "How are you getting along on your diet these days?"

Friends who can remember every word of last night's television drama and insist on running through to the last detail the glamorous outcome. People who, when you tell them your troubles, can't think of anything else to say but, "Well, that's life for you."

Poker players, who when you "call" their bets, says "All I've got is two little pair," and then lay down a set of fours. Men who wear identification bracelets just as if they might get lost or couldn't remember their names and addresses. Mayor Yorty of Los Angeles and his almost nightly television appearances.

Golf players who insist they shoot a very ordinary game but always beat you by a dozen or more strokes. Neighbors who always recommend a fertilizer you never heard of, even when you're half way through spreading yours on your lawn. Motorists who can get twice your mileage out of their cars no matter if you fib a little. People who tell about their complaint and refuse to let you get a word in edgewise.

Traffic cops who haven't smiled in 20 years. Beehive hairdos that some silly women wear. People who remind me that it won't be long until we can turn the clocks ahead an hour. Fishermen who never fail to get the big ones; horse race gamblers who never lose and players who always win at Las Vegas. **Please turn to Page 5**

On Saturday, April 20, the Senior Citizens Group of Sierra Madre met for a sandwich lunch and coffee at noon (bring your own cup!) and then had the great privilege of hearing Mrs. Arthur Maric describe her trip to Europe while showing her very wonderful colored slides which included a visit to the Oberammergau Passion Play with very moving pictures of the various players and people who took part in it. Later, card players had a chance at a few games.

PRIDE DEPARTMENT: Two students from this area have been participating in performances of the All Southern California Junior High School Orchestra. They are Carol Mead, daughter of Mr. and Mrs. Ben Mead, and Reuben Epstein, son of Mr. and Mrs. Samuel Epstein. Members are selected in January from 500 Junior High Schools. One hundred and five students from Santa Barbara to San Diego, and from Bakersfield to the Mojave Desert take part. Concerts have been given in Santa Monica, Hollywood, and Garden Grove. The final performance, in conjunction with Public School Week, was held at the Shrine Auditorium in Los Angeles with Joe E. Brown acting as Master of Ceremonies. Other students from John Marshall Junior High School are Madeline Schleimer and Henry Fuchs from Pasadena, and Paul Alonzo of Sierra Madre. This has been a wonderful and well-deserved experience for these young musicians and we congratulate them.

Next week we'll lose one of our favorite families — Brewster and Carol Benedict, and their son, Charles. They will be moving May 1st to Kinneloa Ranch Knolls.

"Surprise, Surprise, and a Happy Birthday" that's what Jim Wentz had last Friday evening. He was all prepared for a quiet evening with a few friends playing cards. Little did he know what wife, Phyl, had planned. Other friends, whispering and tip-toeing, gathered outside the house, and at a given signal, burst into loud song and tramped heavily into the house. Birthday Boy, Jim sat happily on the floor and opened his gifts. Sometime ask him just what he received!! Unique in the Wentz household is a storage closet converted into a dart game room. Everyone had a turn at each of the hilarious games played during the evening. After the late buffet dinner, Phyl presented Jim with a cute and sentimental birthday cake. It was covered with miniature mementoes representing some of the highlights in his life. Guests joining in the celebration were Dean and Katny Snyder, Jack Snyder, Jim and Helen Fay, Bud and Marty Newton, Neal and Marge Rowley, Guy and Betty Knudson,

Bud and Charlene Holloway, and Don and Mary Monroe. Other friends included Mr. and Mrs. Dane Manes from North Hollywood, Mr. and Mrs. Chuck Young from Whittier, and Mr. and Mrs. Roger Turner of Arcadia. This was the beginning of a very special weekend for Jim and Phyl. Since this is also their wedding anniversary, they left the next afternoon for several days vacation at Laguna Beach.

Las Jardineras Home and Garden Club in Lower Hastings really helped make a happier Easter for 22 elderly ladies living at the Crestview Lodge Rest home in Sierra Madre. During Easter week, Jane Howell, project chairman, and Pat McClinton put together a special Easter morning surprise. Each lady received a large, attractive plastic egg containing a new hairnet, a lovely handkerchief, a fragrant bar of soap, a heart shaped sachet of real old English lavender, and a candy. A large bouquet of permanent flowers using purple delphiniums, lavender azaleas, pink lilacs and white carnations was placed in the living room of the resthome. The flower arrangement was done by Laura Brannon.

On Tuesday, Las Jardineras met at the charming Mayfair home of Bertha Miller. Assisting Mrs. Miller

as hostess were two Mayfair neighbors and garden club members, Lennea Karelius and Alma Evans. Mrs. Evelyn De Witt proved to be such a stimulating speaker when she spoke to this group last year, that her second appearance was requested. The newest trends in fashions and cosmetics was the topic of the afternoon. Mrs. DeWitt teaches a modeling class at the Girls Club on Del Mar.

Congratulations to the Robert Grube family on the arrival of Baby JOHN. He was born Monday, April 15 and weighed in at 8 pounds 4 ounces. Children Rob, Cindy, and Vicky were glad to welcome both their mother and their new brother home Saturday. It's kind of nice to have a baby on the street again.

We realize that the mail must go through, and it's nice to know we have such modern conveyances as helicopters, but does it take three, and do they have to follow a test pattern at 5:45 a.m. which takes them directly over our houses? No one likes alarm clocks, but we feel this method of awakening is more desirable than the sudden feeling from the entire Air Force is diving straight for your bedroom. We'd like to recommend smoke signals — they're quieter!! . . . . Mercy!

## Sightseers View Historical City Via Woman's Club Bus Tour April 20

A bus full of enthusiastic people toured Sierra Madre Saturday, April 20 to see 35 homes built before 1900. The tour, sponsored by the Sierra Madre Historical Society was the results of several months of preparation. Facts concerning the homes and early occupants were narrated by Mrs. Jack Butler. The itinerary was planned by Mr. Raymond Andrews, president of the Society.

The oldest house in Sierra Madre, the Richardson house on Old Ranch Road, was built in the 1860's. The Bloomer house now occupied by the Richard Bromleys, charmed the visitors with its beautiful garden, and fascinating classical art objects.

The Duetsch house, beautifully restored, now occupied by Mr. Frank Kromka. Mr. Deutsch operated a cigar factory in the early days near his home.

Members of the tour walked through the lovely gardens of the former Baker Estate, now occupied by Mrs. Ida Jameson. Many may recall the famous hotel on Lima that used to be the social center of the community, and the Packard house now occupied by Pedar Pederson gave the sightseers a look at a real Victorian interior.

Guertzen Borglum who created the Rushmore group lived on Orange Grove and Miss Busch the well-known portrait painter of miniatures had a well known studio on Adams St. The home of Sierra Madre's first school teacher, Chloe Jones, is still standing on Hermona.

Trail Inn which used to be the starting point for hikers up Mt. Wilson later became a popular restaurant and in prohibition days was the scene of gay dinners, the old adobe, now a creative art's center was originally an apricot packing plant with adjacent drying sheds.

A number of people who lived in these houses in the early days of Sierra Madre were on the tour, some of them were, Mrs. Richard Roberts and Mrs. Emily Childs, the Brugman sisters, Mrs. H. Noble and Mrs. M. Barker, the Caley sisters, and Mrs. L. Bixby, Mrs.

Randolph Wood, and Mr. Raymond Andrews. Also several descendants of these early settlers were on the tour to see and enjoy some of the interesting history of Sierra Madre.

... Miss Carola Coumans

Miss Carola Coumans, daughter of Mr. and Mrs. F. J. Coumans, 651 Woodland Drive, became the bride of Mr. Richard Tjaden, son of Mr. and Mrs. Richard Tjaden of Suminane, Dutch West Indies on Friday, April 5 at 8 p.m., in the Sierra Madre Congregational Church with Rev. George Lindsay officiating.

The bride was given in marriage by her father and wore a gown of lace and net over taffeta. She carried a bouquet of orchids and orange blossoms and a white Bible. Her headpiece was an illusion veil held by a crown of pearls.

She was attended by her sister-in-law, Mrs. Fred Coumans attired in a street length dress of green chiffon with white accessories.

Sandra and Paul Jean Pomerantz were the flower girls and the young brothers of the bride, Richard and Alexander Coumans were junior ushers. Fred Coumans attended the bridegroom as best man.

A reception for 100 relatives and friends was held at home at 694 Sunny Side Lane, Sierra Madre.

### Book Review At Garden Club

The Santa Anita Highlands Garden Club will meet Wednesday, May 1, at 10 a.m. at Eaton's Restaurant. According to the president, Mrs. H. L. Koch, the most important item of business will be the election of officers, whose names will be presented by the nominating committee chairman, Mrs. Vaughan Edgar.

The program chairman, Mrs. Carl Gilmore, will introduce the speaker, Eva Cary. She will give an informal discussion about books in general, particularly current ones. She has been a librarian previously, which makes her well qualified for this type of discussion. She does not plan to give a book review type of talk. Eva will bring a display of books with her, some of which may be purchased by the members of the Garden Club, if they so desire.

Mrs. Don Braley, door prize chairman, will be on hand to give prizes to the members with the lucky numbers. Last month Mrs. Bruce McPheeters and Mrs. Robert Kendall won travel kits.

Table decorations will be handled by Mrs. Ray Biggerstaff and will carry out the theme of a birthday party. Members have been asked to sit at tables according to their birthday month. In order to arrange seating it will be helpful if members will give to their hostess the month in which they were born at the time they make their reservation. Reservations must be in by Monday noon, April 29, or sooner if possible. Those who are unable to get their hostess may call Mrs. Julie Cogano, 446-0693, or Mrs. W. Joe Livingood, EL 5-8409.

Plans are progressing for the June Garden Party to be held on Saturday night, June 22. In addition to dinner and dancing a treasure auction will be held during the cocktail hour.

### Musical Comedy

The Sierra Madre Musical Comedy Workshop is designed for youthful teenagers and youthful adults of any age. A study of the various aspects of musical comedy and regular rehearsals will culminate in an annual stage production.

If you like to act a little, sing a little, put on make-up, construct stage props, create sound-effects and if you enjoy wholesome musical comedy, you will make an ideal member in the workshop.

Membership will be limited to space available and on a "first come, first served" basis. No special talent is required except the desire to work and improve. Only principal members of the cast will be asked to audition.

Meetings will be held at appropriate locations in the Sierra Madre area, two evenings each month.

At the first meeting of each semester, the members will vote on the amount of dues to be collected at each workshop session and a conservative six-month membership fee. Overhead

### Workshop Opens

and operating expenses of the workshop will be budgeted from the monies collected.

tally, due to an additional prize, it was decided to give the boy selling the most tickets a choice of the mitt and ball or the two reserved Dodge tickets.

After the Name-the-Food-Booth prize by Jeanette Austad, Phyllis Bennet, president of the Women's Auxiliary, will present the "Father of the Year" Award to the man who has contributed a great deal to the baseball program during the 1962 season. Following the pitching machine demonstration by the Minor League players and a practice exercise by the Babe Ruth boys, the "Father of the Year" will toss the first ball of the season to begin the Little League teams playing two innings apiece (Orioles vs. Red Sox; Dodgers vs. Yankees; Indians vs. Braves). Game announcers will be Bill Bennet and Jim Dunnagan. Game umpire will be Tom O'Connell. Programs, which include the season's game schedules, have been printed by Marilyn Skarin and Ruth Bischoff and will be free to everyone.

The backbone of the baseball program is the fine group of businesses and organizations who sponsor the teams, the managers who direct the boys and the team mothers who lend help where necessary. Of the six Little League teams, representing 89 boys, Arnold's Hardware and Roess Market jointly sponsor the Braves (manager Len Canighan, and team mother Dorothy Murphy); Al Foxton sponsors the Dodgers (manager Perry); 7-UP sponsors the Indians (manager Warren Marshall and team mother Billie Stine); Oxi Nursery sponsors the Orioles (manager Claude Brown and team mother Peggy Chandle); Toy and Patio Village sponsors the Red Sox (manager Harry Dietrich and team mother Mignon Grijalva); and Hartman Pharmacy sponsors the Yankees (manager Brian McGoldrick and team mother Pat Hardy).

Of the six Minor League teams, representing 94 boys, Roberts Market sponsors the Angels (manager Earl La Lone and team mother Joy Mendez); Sierra Madre Theater sponsors the Padres (manager Bob Collup and team mother Betty Collup); Royal Drugs sponsors the Colts (manager Lee Skarin and team mother Rosemary Abernethy); Ralph's Shoes sponsors the Seals (manager Harold Dapper and team mother Carmen Waltey); Sierra Cycle Sports sponsors the Mounties (manager Don Stuart and team mother Millie Talbot); and Don Jackson sponsors the Stars (manager Dr. John Robertson and team mother Dieder Green).

Of the four Babe Ruth teams, representing 80 boys, The Highlander sponsors the Cardinals (manager Henry Nuetzel and team mother Chris Riccobono); the Kiwanis Club sponsors the Giants (manager Red Waite and team mother Ann Tyler); the Lange Realty and the Sierra Madre Fire Department jointly sponsor the Senators (manager Bud Hartman and team mother Marion Robertson); and Sierra Engineering sponsors the White Sox (manager Joe Grippi and team mother Shirley Richter).

Following Opening Day Ceremony on April 27, exciting Minor and Little League games will be held week days (5:30 p.m.) at Sierra Madre School and Heasley Field, and all day Saturday from 9:30 at Heasley. Babe Ruth games will begin June 1 at Sierra Mesa. The Sierra Madre News will carry the team standings and a schedule of the games to be played. Come out to the games. You'll enjoy them.

#### Masonic Club Met Wednesday

West Arcadia Masonic Club met at 747 W. Duarte Road, on Wednesday, April 24 at 7:30 p.m. Robert G. Swartz, the Worshipful Master who has been absent for some weeks on a visit to the Coachella Valley, presided.

and Fire Departments concerning the naming and numbering of streets was postponed until the next meeting with the suggestion that the Police and Fire Departments submit a list to the Planning Commission.

Lot splits were granted at 75 W. Bonita with the stipulation that they move the garage and record easements. At 145 S. Lima, creating three parcels; this is subject to provisions made for existing storm drain to comply with the City Engineer's requirements. At 125 E. Mira Monte, creating two parcels, and at 318 W. Montecito to be subject to removal of all existing structures, removal of tennis courts, proper drainage to meet with the City Engineer's specifications, and to install sidewalks.

The lot split requested for 420 Foothill Ave. will be reopened and another public hearing set to allow the City Engineer to check the percentage of the grade and verify if the request meets with the Hillside Development Ordinance.

Mr. Dodge, who was granted a lot split with specified stipulations, appealed to Planning Commission to reconsider its previous action, again was given the same ruling. For any further action, Mr. Dodge must re-apply and have a public hearing.

A discussion on changing the meeting date of the Planning Commission so as to have more time between this meeting and the City Council's meeting continued with many suggestions that the Commissioners will consider and report at the next regular meeting which will be held May 16, in the City Hall.

a collection of rare "Kate Greenway" items, "M.M.S. and A.L.S. of 19th Century Writers" and "Early Newspapers."

Local activities were not neglected. Special exhibits honored the Boy Scouts and the Girl Scouts, the activities of the Mariners and the Brownies, the work of the Creative Arts Group, the history of the Sierra Madre Library, our Senior Citizens, children's art and our Community Nursery School.

Not only the works of our local painters, ceramists, silversmiths, sculptors and hand-weavers, but "Woodcuts by Paul Gauguin," "Figures from Dr. Seuss" and "Black and White Prints" from international artists were featured at various times.

These exhibits have shown what can be accomplished by an efficient staff, dedicated to the interest of the community, and the cooperation of local collectors who are willing to share their enthusiasms with the public.

You know some people can stand cold weather better than others, and some people can stand people who can stand cold weather... but for me, just give me a warm hearted gal and who cares about the weather, whether or not.

I heard the other day that "America is so profile conscious. This is carried so far that one meat-packing company is pushing a low-fat dog food."

Governor Brown had occasion the other day to lash out at his critics, and really had himself a soul-purging. Speaking to a group of aerospace leaders in Oakland, he hung the label "emotional extremists" on the "dissident minorities" who "whine and whimper," who "demand simple black and white solutions" to governmental problems, who oppose his withholding tax proposal, who call big government "socialism," who attack political partisanship in the conduct of our State Board of Education, and who want "vital public services" to be slashed from government budgets.

Speaking of "emotional extremists," Pat, did the CDC's disregard for your instructions stir you up that much?

In closing the column for this week I must give you the remarks of Jack Kennedy, our Executive Advertising Manager (title given in lieu of higher salary) when he had just experienced some of the drivers on the freeways in and around Los Angeles... here is Jack's remarks as it was told to me... so help me... "Riding on the freeways is like Russian roulette... you never know which driver is loaded"... and this about takes care of this week, and we hope it is without too many of us losing that hour of sleep comes the awakening. See you an hour earlier next week, I hope, I hope, hope.

Ohhhh, did I get a panic feeling when the phone rang the other day and I was asked to work on a committee for a gathering on June 1st. I suddenly realized that June 1st is just a month away and just two weeks after the first children will be out of school. Ever since Easter I have been noticing a subtle change in our way of life and our outlook. By "our" I don't mean the literary "we." I mean "our" as a family group!

We speak now of who will drive the first week of summer school, baseball, the pros and cons of the two-piece bathing suits, baseball, of where we will go on vacation, baseball, of re-vamping the garden and getting new lawn furniture, and baseball.

It all spells summer is just around the corner, and I'm not ready! I'm not, I'm not, I'm not. I was just getting ready to hibernate and do that reading I promised myself in the long hours of winter!

Golf tournaments are beginning to take shape in the coming month. A local one that should bring observers from all over the hill is the one planned by the Eaton Canyon Women's Golf Club on May 14, 15 and 16, right here at our own course. I was talking to Irene Fuller the other day about the arrangements. She is vice president of the group and is working with Mmes. Charlene Holloway, Peggy Culwell, Joan Anderson and Gloria Mallory on the plans for the Award Dinner party following the tournament.

The tournament committees headed up by Mrs. Barbara Kelley as chairman, working with Mmes. Phyllis Evans, Ann Bowman, Juanita Pollack, Marie Appleford and Carol Benedict as publicity chairman.

Matter of fact, I got a lot of news from Irene Fuller as I talked to her about the tournament. She told me of the trip she took with Ken and their daughter, Susie. They started out on a Sunday in Fresno, where they played golf, on to Stockton, where they visited friends and played golf, to Monterey and Carmel, where they couldn't play golf because it rained. However, they had a marvelous time watching the storm from the "Rocky Point" restaurant. After Carmel they golfed at Morro Bay, and then on to Alisal, where they met up with Mr. and Mrs. Ira Lackey and Jennifer. They golfed and rode horseback there!

Was invited to substitute in the Rosemary Cottage Bridge Group No. 1 at Mrs. Lincoln Wilson's home last week. It was fun seeing and visiting with Mmes. Norman White, John Chapman, Robert Anderson, Margaret Pyle, Ira Lackey and Edward Halperin. Got all the scoop on recent vacations, the to be sold, and the have been sold, and quite incidentally, played a little bridge.

Called Mrs. Loye Smith the other day. The Smiths are the new owners of the former Ralph Paquette home at 1309 Wynn Road.

They have two children who attend Eugene Field School. Their eldest is Sandra, aged 9, and Steven is 7½. Mr. Smith is a police officer on the Pasadena Police Force.

Hobbywise, they are all looking forward to learning how to swim this summer so that they can enjoy their

beautiful back yard and pool. Welcome to the hill!

If it wasn't hard to think about moving before, I'm sure it will be now for Ken and Dorothy Coate of Brambling Lane. Some of their neighbors got together last Friday night at the home of Payllis and Roy Hoffman of Cricklewood Path and gave the Coates a surprise going away party in the old western barbecue style. The Coates are retiring to Glenwood Springs, Colorado, and as Ken speaks of himself as a frustrated cowboy type, he is going to have a sort of ranch life. The whole group dressed the part. Janet Marangi and her husband, Len, brought a decorated frying pan to be hung in their new kitchen. Janet decorated it by painting a picture of the Coates' house and garden. If that won't bring back memories, I don't know what would. The Hoffmans gave them a real cute barbecue apron. Also there to bid farewell with appropriate gifts were Dean and Jody Clary and Ross and Sharon Irwin of Los Angeles.

The next morning the Hoffmans took off at 5 o'clock for a weekend trip of skiing at Mammoth with Bill and Barbara Simons.

After talking to Dr. and Mrs. (Bob and Nancy) Mueller of Old House Road, I have a sudden and burning desire to visit Japan. They arrived home Easter Sunday exhausted and not quite sure how many days they had been up, with all of the changing of time coming back. They left here on the 28th and flew to Hawaii for two days. They were met there by friends and really entertained before embarking again for Tokyo, where Dr. Mueller attended a medical convention. They met Dr. and Mrs. John Howard and Dr. and Mrs. Douglas Batten by prearrangement. The six of them had a wonderful time touring Tokyo and also the cultural center of Kyoto. They stayed in the latter for six days taking tours in and around the city. They were lavishly entertained by the father and mother of a young lady studying in America, and through them were able to know a Japan not commonly seen by tourists.

They both commented on the great warmth the Japanese people show American tourists and the many kindnesses shown to them. Most of the larger hotels are appointed in both western and eastern style to accommodate all types of guests. The Muellers tried the eastern style just one night and then happily went back to box springs and mattresses. There is only one subject to avoid when talking to them about the trip. Don't ask if they did any shopping!

### St. Rita's Annual Spring Carnival Stated For Sunday, April 28

The highlight of the spring for St. Rita's Guild and School will be the Annual Carnival on Sunday, April 28th. The festivities will begin at 12:30 and continue till 9 p.m. The outstanding attraction for the children will be the appearance of Tom Hatten, T.V. star, who is seen with his cartoon program five days a week in Los Angeles. A tent on the school grounds will have adequate capacity for a large audience. Tom Hatten will give two shows during the afternoon at 12:30 and 1:25. Following his performances, there will be scheduled a series of film programs.

A family dinner will be served continually during the afternoon until 7 p.m. A "Paris in the Spring" theme will dominate the Parish Hall. Mrs. John Robertson will be in charge of dinner arrangements. She will be assisted by Mrs. John Heck, Mrs. John Tahli, Mrs. Richard Armstrong and Mrs. John Cremins. There will be a variety of fun for all ages and something of interest for everyone. Mrs. Charles Glib, general chairman, has announced that there will be booths erected in the school grounds and rides for the children. Among the attractions, carnival visitors will find a white elephant booth, country store, home-made candy, confetti eggs, a gold-fish booth, a cake walk, hand-made aprons, and a fish pond. A snack bar and sidewalk cafe will provide light refreshments during the afternoon.

Parishioners who are aiding with the plans are Mrs. James Noonan, Mrs. Stanley Yelich, Mrs. Fred Scott, Mrs. William Kurtz, Mrs. Winfield Hartranft, Mrs. John Gendron, Mrs. Ralph Bartolme, Mrs. Richard Steel, Mrs. Edmond Smith, Mrs. Frank Kromka, Mr. and Mrs. Walter Fleming, Mr. and Mrs. Edward Vocelka, Mr. and Mrs. Harry Meskell, and Mr. and Mrs. Manuel de la Torre.

Proceeds from the carnival will be used to enlarge the facilities at St. Rita's convent.

zone change at 366 Sierra Madre Blvd., also same date for hearing on recommended zone change from R-1 to R-3 at 99 North Hermosa.

Other business completed was the first reading of Ordinance 708 concerning the rezoning of the Jameson Property. Authorization for advertising of bids for the expenditure of some \$11,000 of state gas tax maintenance money for work on Hermosa, Adams and Laurel and West Alegria should the money stretch that distance. Reports, minutes and Resolutions were recognized and ordered filed. Council adjourned until their next regular meeting on May 14.

## Ross Tyree Wins

respectively. In fact, the double-header victory for Den 7 members was a fitting tribute for Shirlee Bagnall, the group's Den Mother. For the night before at the pack's monthly meeting at the Sierra Madre School Auditorium, Den 7 had a full schedule—presenting the colors, giving a skit and proudly marching with both the Attendance Award and the Honor Flag for having the most achievements in the past month.

Den 7 went out "in a blaze of glory," so to speak, as four of the seven members moved up to Webelos, top echelon in the Cubs, during the evening ceremonies. New Webelos are Bob Bagnall, Ricky Bischoff, Ross Tyree and Jeff Young.

Inducted into Cub Scouts during the meeting was Randall Grier.

In addition to Den 7's group of magicians, those in attendance also were treated to a tribal Indian dance, complete with authentic music and appropriate costume, by members of Den 4.

# Editorially Speaking....

## Return Of The Square

Editor's Note: One voice raised against contemporary downgrading of principle is that of Charles H. Brouwer, president of a large advertising agency, who wrote a moving article in the December issue of the Rutgers University Alumni Monthly. Portions of his article are reprinted below. Reprints were also made in a recent issue of Reader's Digest.

Back in Mark Twain's day, the word "square" was one of the finest words in our language, among the top 10 on any lexicographer's hit parade. You gave a man a square deal if you were honest. And you gave him a square meal when he was hungry. You stood four-square for the right, as you saw it, and square against everything else. When you got out of debt, you were square with the world. And that was when you could look your fellow man square in the eye.

Then a lot of strange characters got hold of this honest, wholesome word, bent it all out of shape and gave it back to our children. Convicts gave it the first twist. To them a square was an inmate who would not conform to the convict code. From the prisons it was flashed across the country on the marijuana circuit of the hoppers and hipsters. Now everyone knows what a square is. He is the man who never learned to get away with it. A Joe who volunteers when he doesn't have to. A guy who gets his kicks from trying to do something better than anyone else can, a boob who gets so lost in his work that he has to be reminded to go home. A guy who doesn't have to stop at a bar on his way to the train at night because he's all fired up and full of juice already. A character who doesn't have to spend his evening puttering in a basement workshop and his weekends scraping the bottom of a boat because he's putting all that elbow grease into doing a satisfying job on the job he's getting paid to do. A fellow who laughs with his belly instead of his upper lip. A slob who still gets all choked up when the band plays "America the Beautiful." A square and strictly from Squaresville.

His tribe isn't thriving too well in the current climate. He doesn't fit too neatly into the current group of angle players, corner cutters, sharpshooters and goof-offs. He doesn't believe in opening all the packages before Christmas. He doesn't want to fly now and pay later. He's burdened down with old-fashioned ideas of honesty, loyalty, courage, and thrift. And he may already be on his way to extinction.

This country was discovered, put together, fought for, and saved by squares. It is easy to prove that Nathan Hale, Patrick Henry, Paul Revere, George Washington, Benjamin Franklin, and almost anyone else you care to include among our national heroes was a square — by simply thinking what he might have said had he not been square.

Nathan Hale: Me spy on those British. Are you trying to be funny? Do you know what they do with the spies they catch? I'll give you a news flash, chum. They hang them.

Paul Revere: What do you mean — me ride through every Middlesex village and town? And in the middle of the night yet. Why pick on me? Am I the only man in Boston with a horse?

Patrick Henry: Sure, I'm for liberty. First, last, and always, but we've got to be a little realistic. We're a pretty small outfit. If we start pushing the British around someone is going to get hurt.

George Washington: Gentlemen, I am honored. But I do wish you would try someone else. Let's say General Gates. I'm just getting things organized at Mount Vernon. Also you might say I had already served my time. Against the French, you know.

Benjamin Franklin: "What we really need as Ambassador to France is a young man. I'm 70 years old. It's over."

It is perhaps a significant fact that what such men actually did say has been quietly sneaked out of our school books. This Week magazine made a survey recently of school history books issued before 1920, compared with those issued since. Nathan Hale said, "I regret that I have but one life to give for my country," in 11 of the old texts and in only 1 of the new texts.

Patrick Henry said, "Give me liberty or give me death" in 12 out of 14 earlier texts and in only 2 of 45 recent ones. But John Paul Jones set the record. He said, "I have not yet begun to fight," in nine of the old books and in none of the new ones.

Maybe cutting down a cherry tree is a square thing to do . . . and maybe throwing a dollar across the Rappahannock is a waste of money rather than a test of strength . . . and maybe nobody stands up in boats any more (especially in midwinter) . . . but there are lessons to be learned in all of them, and school books are for learning.

But the greatest thing that has happened, of course, is that our Nation has a whole new set of heroes. Named Glenn and Grissom and Shepard. Named Carpenter, Cooper and Schirra. Named Crews and Bock and Twining; Smith, Sorlie and McIntosh; named Knolle and Hoover. The towns they came from have nice small names: Sparta, Boulder, East Derry, Mitchell, Shawnee, Brownwood.

These lads apparently lived too far from the big city and grew up to be squares. For who but a square would volunteer his life for his country's good?

They are not even ashamed of their feelings. John Glenn says he gets a funny feeling down inside when he sees the flag go by. Imagine that.

He's proud of his small town, proud of small college. Proud that he belonged to the Boy Scouts and the YMCA.

I hope that some of him rubs off onto the next generation.

When Benjamin Franklin was told that the war for independence was over, he said, "Say rather the war of the revolution is over — the war for independence has yet to be fought." And today — 179 years later — the war for independence has still to be fought.

## Freedom At Any Price

by Henry V. Witty

Freedom at Any Price presents the following thought provokers

I am extremely proud that I am an American.

I am extremely grateful that our Founding Fathers gave us our Constitution and Bill of Rights.

I consider our free enterprise system extremely important to the American way of life, and I am extremely grateful for the opportunity to provide for my own security.

I am extremely happy that I can worship GOD as I wish.

I consider it extremely imperative that our public officials be guided by high principles and moral laws.

I am extremely concerned about the international conspiracy of atheistic Communism which threatens our nation both from within and from without.

I am extremely baffled by people who consider peaceful coexistence more important than freedom.

I am extremely disturbed by the thinking of the anti-Communist.

I am extremely confident that more and more American people are beginning to assume the duties of good citizenship and that their actions are guided by a belief in GOD, moral integrity, personal responsibility and love of country.

I am extremely distressed to hear that people having this philosophy are considered by some Americans to be more dangerous than the Communists.

I must be one of those extremists who is considered so dangerous.

Government is not reason, it is not eloquence — it is force! Like fire it is a dangerous servant and a fearful master.

When someone gets something for nothing, someone else gets nothing for something.

One of the things we have to be thankful for is that we don't get as much government as we pay for.

This is the first generation that has been able to spend its grandchildren's money.

I happen to believe that the Communist Party should be granted freedom of political action and the Communists should be allowed to teach in universities.

"Magnetic personalities" have consistently drawn our country closer to the Iron Curtain.

Communists are working fools and left-wing liberals are the fools they work.

Nelson Rockefeller has stated: "Romulo Betancourt and I have been friends for three decades — and have worked together to strengthen the forces of democracy."

President John F. Kennedy has remarked: "You, (Romulo Betancourt) represent all that we admire in a political leader."

Tom Anderson sums it up in the words: "Switching from Kennedy to Rockefeller is like leaving the soiled diapers on the baby and changing the pins."

Our State Department wants the United States to channel all its foreign aid through the United Nations. The only thing we should give through the U.N. is our resignation.

The whole State Department was quarantined today. They've all got yellow fever.

Negotiating with Khrushchev fits the farmers classic description of wrestling with a hog: "You just get dirty as hell and the hog loves it."

There are reportedly less than fifteen thousand Communists in this country. Given the word, J. Edgar Hoover could jail them faster than the Supreme Court could turn them loose.

The federal government sent so many paratroopers into Mississippi that, if they'd over-shot a few miles, they might have taken Cuba by accident.

I would rather hear a sermon, than have one any day. I would rather one should walk with me, than merely show the

way.  
The eye is a better pupil, and more willing than the ear. Fine counsel is confusing, but examples always clear.

And the best of all the preachers are the ones that live their creeds.

For to see the good in action, is what everybody needs.

I can watch your hand in action, but your tongue too fast may run.

And the lectures you deliver, may be very wise and true, But I'd rather get my lesson by observing what you do.

I may misunderstand you and the high advice you give, But there's no misunderstanding, how you act and how you live.

**Lesson-Sermon Sunday, April 28**  
"Probation After Death"  
will be the subject of this week's Sunday service at First Church of Christ, Scientist, Sierra Madre.

The opening Scriptural passages will be from the Sermon on the Mount: "Blessed are the poor in spirit; for their's is the kingdom of heaven" (Matt. 5:3). Related readings will include these lines from the Christian Science textbook: "Willingness to become as a little child and to leave the old for the new, renders thought receptive of the advanced ideas. Gladness to leave the false landmarks and joy to see them disappear, - this disposition helps to precipitate the ultimate harmony." ("Science and Health with Key to the Scriptures" by Mary Baker Eddy, p. 323).

**Rev. Carlsen Announces Sunday Theme**

Rev. Niels C. Carlsen, pastor of Bethany Lutheran Church, East Pasadena, announces as his theme for the 11 o'clock worship service: "Christ - Your Shepherd."

The sermon will be based on the Good Shepherd prophecy in Ezekiel 34:11-16. The Shepherd concern is not only for the lost and strayed, but also for the sheep in the fold that they be not left by themselves to stray away, and thus become one of the straying and eventually one of the lost. Rev. Carlsen will point to the church as remaining close to the Shepherd.

On Friday evening, April 26, the women of the church will have the annual mother-daughter banquet in the social hall.

There is still one week remaining for the Lutheran World Relief clothing drive. Clean used clothing, boxed and tied, may be brought to the church at 2666 La Tierra in East Pasadena any time during the week and left in the annex or on the patio.

**Bethany Church Notes**

The pastor of Bethany Church of Sierra Madre, Dr. Robert N. Schaper, will be one of the principal speakers at the Inter-Varsity Christian Leadership Conference at Cedar Crest near Lake Arrowhead this coming weekend. He will speak to the delegates from the southwest region on Friday evening and Saturday. This conference is one of the outstanding "campus-oriented" gatherings of young people in the nation. IVCF is known on campuses throughout the world as an organization which is aggressive in its outreach and positive in its approach to Christian commitment. Pastor Schaper will be present for the worship services on Sunday.

Sunday evening, April 28 will be "Christian Endeavor Night" at the church. Several will give testimony to what Christian Endeavor has meant to them in years past. Pastor Schaper and Assistant Minister, Hugh S. Bell Jr., will both bring a brief word regarding the influence Christian Endeavor has had in their own ministry. This emphasis on CE is in preparation for the great Los Angeles County Christian Endeavor Convention to be held at the Church of the Open Door in Los Angeles on May 3, 4 and 5. Last Sunday and this coming Sunday, attempts are being made on the part of the young people to "pre-register" everyone in the church for the convention. Over 150 people have registered thus far for the convention.

Two Sunday school classes at Bethany Church will be holding their monthly social meeting this weekend. The Voyager, for ages 30-40, will have their fellowship at the church on Friday evening, while the Prospectors, one decade younger, will have their party on Saturday evening. They are taught respectively, by Dr. Schaper and Mr. J. W. Moore.

**Good Shepherd Sunday at Faith**

In accord with the ecclesiastical calendar, next Sunday will be observed as Good Shepherd Sunday at Faith Lutheran Church, 845 Hastings Ranch Drive. In the 8:00 and 10:30 worship services the Rev. Armin Hesse will speak on "The Great Possessive - 'MY Sheep'."

In announcing this theme the pastor states:

"In the words of the familiar Twenty-third Psalm we join David in the use of the possessive 'The Lord's MY Shepherd.' But to be recognized and secure a relationship must be mutual. The assurance that the Lord lays claim to us is found in the great possessive of Jesus 'MY Sheep' and in all the wonder of His divine grace which this pronoun implies."

The Adult Church-Membership Study Class will meet on Thursday evening at 8 with the Junior Choir meeting the same evening at 7, and the Senior Choir at 8.

New members will be received at 10:30 a.m. Sunday, April 28, at the new Shepherd of the Hills Lutheran Church, 7 W. Foothill Blvd., Arcadia.

Sermon of the Rev. Ray E. Hansen will be "The Good Shepherd," based on John 10:11-16, where Jesus offers himself to mankind as "the One who really cares."

"Jesus reminds us that while He is willing to lay down His life for us, we must come to know Him, and to hear His voice," Pastor Hansen said. "To hear His voice and to recognize it is up to us. He calls the 'white sheep' and the 'black sheep'."

Nursery care for children up to 5 years old is provided during the 10:30 worship. Sunday school classes, including the adult Bible discussion group led by the pastor, are at 9:15 a.m.

A new get-acquainted class begins at 8 p.m. Monday, April 29, at the church for those desiring to learn more about the Christian way of life. All are welcome.

## Local Book Review . . .

**A Horse For Sherry**  
Author, Cathrine Barr, issued in February, 32 pages cloth, side-sewn, 7"x9", for children ages 4 to 7, price \$2.50.

Sherry ran to see the horses the minute she arrived to spend the summer at her grandmother's ranch. She hoped there would be a horse for her, now that she knew how to ride. But Old Koki was too big, Buck was too small. Then, just when Sherry had given up hope, she found a surprise in the corral — a new horse, just her size, which she decided to call Little Princess.

But Sherry found that keeping Little Princess was another matter. After she had been thrown twice, Grandmother warned her that she would have to learn how to handle her horse or Little Princess would have to go back. Finally Sherry managed, which took every bit of courage she had, and had an exciting summer, too.

This easy-to-read story with hand-lettered text is illustrated with Cathrine Barr's typical bold pictures in blue and black.

Miss Barr lives in Weston, Connecticut.

**Look At Guns**  
Author, Beman Lord, issued in March, 48 pages 6 1/2"x9", cloth, side-sewn for ages 8 to 12, price \$2.75.

Look At Guns is a capsule history in photographs and easy-to-read text of the interrelated development and perfection of firearms and ammunition, and their place in history as weapons. Beginning with the early days when "gonnes" were almost as dangerous to the firer as they were to the target, the lively text tells the reader such facts as when the first gun was made, how the Brown Bess got its name, what a "flash in the pan" really was, how bayonets helped put an end to the wearing of armor, who Dr. Richard Gatling was, what skeet shooting is, and explains about shooting as a sport — target, skeet and trapshooting.

Look At Guns, like its companion volume Look at Cars, is designed to capture the interest of anyone old enough — or young enough — to admire the art of gunsmith.

Mr. Lord lives in New York City.

These books can be ordered from the Henry Z. Walek Inc., 101 Fifth Ave., New York 3, N. Y.

## 'YOUR CITY AND MINE'

"City Facilities Available For Group Use"

There are several city buildings or park facilities that are available for group use. Except for the swimming pool, there is no charge for use. Evidence that they are popular and shown on a regular basis is the fact that 28 groups are now meeting in a city building on a regular basis and 25 additional groups make occasional use. The regular groups are: 4 Girl Scout troops, 1 Boy Scout troop, 4 Brownie troops, 3 cub packs, 2 Camp Fire Girls, 1 Blue Bird group, 3 car clubs, 3 adult education classes, the Better Baby Clinic, plus the Girl Scout Council, Friendship Club, Daughters of American Revolution, Baseball Auxiliary, Civic Club and a social group.

The buildings that are available and the facilities located in the buildings are as follows:  
**PARK HOUSE.** This is the most popular city building and is located in Sierra Madre Memorial Park. There is an outside playground which is now being completely reworked plus a kitchen with a stove and refrigerator, rest rooms and a meeting room capable of handling groups up to 75 people. Some cupboard space is available for group storage use. Chairs and limited tables are available.

**YOUTH HUT.** This is the second most popular city building and is located in Sierra Vista Park. It has all the facilities listed for the Park House.

**NURSERY SCHOOL BUILDINGS.** Both of the buildings used during the morning hours by the Sierra Madre Community Nursery School are legally owned by the city and are available during afternoon and evening hours for public meetings. Restroom facilities, chairs and some tables are available but not storage space.

**SWIMMING POOL.** This building is available during the part of the year when it is not in use for swimming purposes and the pool is available on a RENTAL basis during OFF hours at the time it is operating in the summer. Rental of the pool requires advance arrangement for guards, etc. so if you want to use it see the City Recreation Director well in advance of the intended use. Rest rooms and dressing rooms are included in the pool rental.

**CITY HALL.** The Council Chambers are available for group meetings during almost every day and on evenings when a regular Council or Commission meeting isn't scheduled. This is the largest room available but there are no cooking or eating facilities available.

**LIBRARY BUILDING.** This building is in full use during most hours but there can still be limited small group use during some hours. These arrangements should be made with the Librarian.

Use of all the other buildings is arranged by coming to the front office in the City Hall. There you will be given a request slip which states the conditions of use, including obtaining the necessary key from the Police Department, care of the facilities during use, required clean up, etc. Once this request slip is signed, the building is reserved for you during that period. When you are ready for use, take the signed request slip to the Police Department and they will issue a key. When the use is over, you must clean up the building, turn off the lights and heat, and return the key to the Police Department.

We hope many of you will retain this list and will make use of the city facilities. The City Council and Parks and Recreation Commission are anxious that Sierra Madre residents will make use of their city facilities.

## FLOURNOY REPORT

by Assemblyman  
Houston I. Flournoy  
49TH ASSEMBLY DISTRICT

Governor Brown's proposal to divert \$20 million of school construction bonds for parks and recreation purposes evokes a singular reaction in this legislator: I am totally astonished.

At a time when the additional state funds for education proposed by the governor fall pitifully short of the minimal needs of our school districts, it is inconceivable to me that we should divert \$20 million to underwrite the state's financial short-ages in another area.

The bonds in question were originally authorized in 1952 for local elementary and secondary public school construction. Due to certain financial contingencies they were never sold.

A year ago Republican members of the Legislature proposed they be used for the intended purpose. We did this so that the 1962 School Construction Bond Issue, along with all the other 1962 bonding proposals, could be placed before the full electorate at the General Election in November rather than on the June Primary ballot.

At that time we were summarily rebuffed by the Democratic majority in the Assembly which not only doubted the validity and salability of these bonds, but termed our proposed use of them as "operation check-kiting," a "funny money" program, and a violation of the spirit of the Constitution.

It now seems, with the governor short of funds, that issuance of these bonds is not only compatible with

the Constitution, but he considers it perfectly appropriate to use them for a totally different purpose.

Apart from these considerations, it was only last June that the people of California rejected a \$150 million bond issue for parks and recreation purposes, thus registering their intent that this program should be supported out of the general fund, not from bonds.

While I recognize the need for funds to conduct our park and recreation program, this means of obtaining those monies seems to me a blatant affront to the expressed will of the people.

In essence, this is but another example of the governor's attempt to maintain the illusion of a balanced budget with his own brand of double-standard book-keeping.

### COMMUNITY CHEST

Community Chest will hold an important meeting, open to the public, Thursday, May 1st, 8 p.m. at the Parkhouse in Memorial Park. At this time the Chest will vote on joining the United Way. This United Way is a uniting of all Community Chests and agencies that are already in the chest. Other national campaigns are not to be part of this, although any that are interested in joining could be given consideration at a later date. Organizations are invited to send representatives to this meeting and all are welcome to come and ask questions.
